An aerial photograph of a vast savanna landscape at sunset. The sky is filled with large, dramatic clouds in shades of blue, purple, and orange. In the foreground, a green safari vehicle is parked on a patch of dry, brownish ground. To the right of the vehicle, a small group of people is gathered under a simple canopy. In the middle ground, a large herd of animals, likely wildebeest or zebra, is grazing on the green grass. The horizon is flat and extends to the edge of the frame.
